The latest version of this file is available in Word Perfect wpd or Adobe pdf format by email from the author. This file is Anderson.wpd or pdf. Dates are shown as month-day-year!

I dedicate this file to Lawrence Anderson 1948 : 1993, a smiling face and quick mind and his family who then lived at Fairview in Cherokee County, GA. I taught Lawrence in 1959-60 in Ball Ground, GA. This file is approximately 161 pages.

See dir.wpd or pdf for a listing of over 1,500 family files with over 13,500 references.

Reference numbers, shown as superscripts, document over 13,500 sources such as books, tombstones, deeds, etc where data may be found and are identified in my ref or ref2 files. With the ref file about 3,400 pages it became necessary to start a ref2 file with references above 12,500 so they could be sent by email. We also have a refimages file of over 12,500 entries mostly photos and their identification.

Introduction

The material presented here is a working copy of my data at this time. Some material contained herein is repeated as it comes from various sources and it needs to be combined, when possible, but in some cases conflicts in data are obvious and no resolution can be made. All data is to be taken with the usual "pinch of doubt" and all data should be subject to verification and correction. No doubt some of this data will be wrong. I have tried to document with superscripts some source for the information and if possible at least a second source for any given piece of data. At times these are missing simply due to lack of space on a line. Two separate reference files ref & ref2 documents the over 13,500 references used to construct the various files. A given family file is meant to be both a documentation of my family, relatives, or neighbors of my families, etc. Each file is also a place to store any data I have collected on those with the same name who may or may not be related. No index is available.

Word Perfect was originally chosen because no genealogy program has the flexibility to do all I wanted to do with each family. Now I have a vast amount of material, over 57,500 typed pages. In total I still like the flexibility of Word Perfect and continue to keep all my data there or in the two Excel files sorted by name and by cemetery. At present all of the family files are in Word Perfect wpd format. These files are also kept in PDF, Adobe format for those who cannot read Word Perfect files. Any of these files may be obtained from the author, but I strongly prefer to send them attached to email.

Cautions: Dates are shown as month-day-year! We use a style of graphics to show the relationships. Where a lot of deeds, etc, have the same name they may not be places with the correct person - example in Spartanburg, SC there were at least two Robert White. Deeds for both may be shown under one Robert White unless we know a way to differentiate them. Talking Rock which is in Pickens County, GA does have mailing addresses that are in Gilmer County, GA. Also Acworth in Cobb County, GA has an address in Cherokee County, GA. See our Excel files, byname and bycem each with over 4,000 pages containing over 28,500 names sorted by either name or cemetery and containing cemetery records, death records, obituaries, and census, military or draft records, whatever we could find and fit related to people related to Cherokee County, GA, a number of these graves are unmarked and not documented in cemetery books. We note errors in some books not that we will not have our share but to allow people to know correct and incorrect data.

Overview

My genealogy data now comprises over 1,500 family files varying from a few lines to files over 1,000 pages and over 1,700 pages on the **Ingram** family lines alone; each of the two Excel files is over 4,000 pages; 13 family files contain over 500 pages each and 5 files contain over 1,000 pages each. See my file dir.wpd for a listing of the individual files and their size. I freely share these files and will provide them in either Word Perfect, wpd, or Adobe, pdf format. I use Word Perfect and freely attach these files to email if requested in wpd or Adobe pdf format. I can load all of my data and files onto a 128 G-byte thumb drive for serious researchers or groups, a 64 G-byte will not hold all the material and photos. IT MUST BE A USB 3 drive.

The files I have are documented with superscripts showing where either the data can be found, or tombstones, photos, etc. We now list over 13,500 referenced items and my reference file, ref.wpd, itself now totals over 3,400 pages and stops at 12,500 references. Ref2 contains references above 12,500. My refimages file with photos and descriptions now totals over 12,500 photos or related items; over 19,000 tombstones organized by State/County/ Cemetery, with over 16,000 more typed index cards done by John Carver 1976-9 documenting Cherokee County, GA tombstones; over 260 "In Loving Memory Cards" and over 12,500 referenced images and their descriptions. Due to cost of both money and time due to large size of the photo files. I try to limit sending only a few photos attached to email to any one person. You have to cut a DVD, not CD, to store a reasonable number of the photos and a thumb drive works much better for me. Again, I welcome additions or corrections and firmly state all data is to be taken as something to verify, as even one of my grandmother's Bibles had my mothers birth date recorded wrong. Where I find serious question or conflicts in data I will usually try to indicate it.

Reference numbers, shown as superscripts, document over 13,500 sources such as books, tombstones, deeds, etc where data may be found and are identified in my ref or ref2 files.

In December of 2009, five DVD's of material from this collection was submitted to the LDS because of their vast resources and willingness to share material. In January 2010 this material was accepted by the LDS and will be released by them but that material is now out of date material. The data found here in my files will be the latest material as it is constantly updated as long as I am able.

I do NOT use a period after Mr, Mrs, Dr, Jr, Sr, etc as I feel strongly that this makes the reading harder, not improving it. I use a colon to start a list and a semicolon to separate items in a list, especially if they contain addresses and a common, as I think it make it much easier to follow and read. It is common now NOT to state people were cremated as is common so we must assume if the obituary states someone had a memorial service with no burial data that they were cremated.

Irene Shope Anderson, 8-4-1926 : 2-10-2024

It is with heavy hearts that we announce the passing of our beloved Mother, Grandmother & Great Grandmother, Irene Shope Anderson, age 97, on February 10, 2024, at Rock Creek Manor Assisted Living in Jasper. Irene was born in Birmingham, Alabama to Miles W. and Annie Sue Shope on 8-6-1926. She was the oldest of thirteen children and grew up working on her parents farm and helping take care of her younger siblings. She accepted the Lord as her personal Savior as a young girl and devoted her life to Christ. She stood steadfast in her faith until the day she passed. She was a true definition of a "Virtuous Woman". She always took great care of her family, sometimes with limited resources, always willing to help anyone in need, a friend who always had a listening ear, and a prayer warrior who we always said, had a "direct line" to the Lord. She was a devoted member and dedicated worker to her beloved church, Gospel Temple in Ball Ground. She Attended faithfully until her passing. After raising her seven children, she went back to school and obtained her Nurses Aide Certification and became a Private Duty Nurse for many years. She was always the selfless caregiver of others. She loved working in her yard, tending to her flowers, gardening, gospel music, and was an amazing country cook. She was preceded in death by her parents, her husband, Clifford Anderson, her son, Lawrence Anderson & her Grandson, Kolby Dobbins. Irene is survived by her children Doris (Dr John) Dobbins of Jacksonville, FL, Don (Martha) Anderson of Acworth, Cecil (Pam) Anderson of Blue Ridge, Gary Anderson of Nelson, Wanda (Randall) Fouts of Marble Hill, and Lisa (Wes) Garrison of Canton. 1924 Obituary: 9097.jpg Obituary of Alma Tina Smith Mullinax, (source unknown):
Alma Tina Smith Mullinax: Almost strangers, only having arrived in this city less than a year ago, the family of Lester Mullinax are almost prostrated with sorrow for the Angel of Death which had been hovering over their home on West Seventeenth Street for a week, this morning took the

soul of the wife and mother to that home beyond. Mrs Mullinax had been sick only a week and her condition from the first had been serious. The family had come to the city April 20th of last year (4-20-1923) and lived on West 17th Street. Mr Mullinax is a stone cutter. The deceased was born in Georgia 4-6-1889. When but 15 years of age she was united in marriage to Lester Mullinax and to them were born six children. The eldest only seventeen and the youngest just a babe in arms. She was a member of the Baptist Church and lived a consistent christian life, one of her neighbors voicing the sentiments of all who knew her when she said, "She was a lovely women of sweet christian character, who made friends of all who knew her". Mr Mullinax is planning to take his children back to their old home where their relatives will be around them & help to rear his motherless little ones and with the remains of the mother they will leave tomorrow afternoon for Nelson, Georgia where the funeral will be held and interment made. They have the deepest sympathy of friends they made in this city the short time they have resided her. There will be short services at the home tomorrow afternoon by Rev Owens.⁹⁰⁹⁷

 Rutha Dooley, aged 77 yr 11mo 8 days was the mother of 14
 children all of which are now living except for 2 which went

before her to the glory world to await and greet her on the heavenly shore. Her husband, old uncle James Dooley, was waiting for her too. Sister Dooley professed religion in early life and joined the M. E. Church South and remained in good and acceptable member all her life. The family has our sympathy. Written by Samuel Westry.⁶⁰⁰⁰

7-12-2014 Note added by Rebecca Bannister:

I didn't know the Cherokee association though until a couple of weeks ago. We've always thought that Ruth's middle name was Gilley but in Rebecca's application she said Ruth's middle name was "Gildard" not Gilley. This makes sense - Mary Gildard/Gildart was Ruth (Ruthey's) grandmother.

Gilley may have been the Western NC/North Georgia pronunciation! "Notes for Rebecca Lucinda DOOLEY: Spelling of Rebecca's name, including her middle name, and her date of birth taken from the Eastern Cherokee Application she filed on 10-27-1906. Her application is hand written and signed by Rebecca.; Cherokee By Blood, Records of Eastern Cherokee Ancestry in the U.S. Court of Claims, 1906 - 1910; Vol. 2 Applications 1551 to 4200; Compiled by Jerry Wright Jordan, Heritage Books, Inc. p.49 1788. "Rebecca L Chattin: "That I am 58 years of age and live in Cherokee Co., Ga. I claim Indian descent through my mother and her parents. My father was a white man. Don't know how much Indian my mother claimed. My great grandfather was Josiah Anderson and it he thro {sic} whom I claim. My mother was born and raised in Haywood Co., N. C. She left there after I was born and came to Forsythe Co., Ga. and lived there the rest of her life. My grandparents were born, raised and died in Haywood Co., N. C

"I don't know whether my mother or her parents ever lived with the Indians or not. I have heard my mother say that her grandfather was enrolled with the Indians, in N. C. That was Josiah Anderson and the roll he was on was made before I was born. It was a Cherokee roll. I don't know whether he ever lived with the Indians as a member of the tribe or not. I am recognized as a white woman in the community. Never heard of my mother and her parents being on any roll or receiving anything from the government. My mother's name was Ruthey Anderson. Her middle name was Gildard. Jesse, Josiah, Joshua Anderson were my mother's brothers. My husband is a white man. & quot; Signed Rebecca L Chattin, Jasper, Ga., Jul 9, 1908."

This is the family of Elias and Little Dorcas Carr Anderson, both seated in the picture. The man standing directly behind Elias & Dorcas with the hat is their son Homer Anderson, who operated a store in Holly Springs, Georgia. Elias and family are mentioned in the book The Heritage of Cherokee County Georgia 1831-1998, page 79, in the Cyclones story. On 2-28-1884 a supercell of cyclones ripped through the Southeast. Cyclones went through Cartersville, (Bartow County, GA) and had a major destructive impact on (nearby) Waleska, (Cherokee County, GA), and the area called Cagletown (Pickens County, GA but near Waleska). The story states Elias and one child were badly hurt. The storm destroyed their house and everything around it. Not sure if the house in the picture is the one that was destroyed by the storm. Elias and Little Dorcas Carr are buried at Shoal Creek Primitive Baptist Church.
